Points, Qualifications, and Year-End Awards

- As a courtesy, the USEA will attempt to notify riders/owners of missing horse registration requirements prior to competition and will allow fourteen (14) days from the date of notification for the horse to be brought into compliance. After fourteen (14) days, any high-score points and/or AEC qualifications earned at that specific competition will be removed. Should the horse continue to compete without proper registration, at the fourth occurrence all points and all qualifications will be removed. When the horse is properly registered, qualifications **ONLY** will be re-instated. **Riders and/or owners are ultimately responsible for ensuring their horses have proper registration to compete in USEA recognized events, YEH Tests, and FEH tests.**
- For Year-End Awards, the USEA has established a cut-off date of **November 15th** for inquiries about horses' and riders' competitive records. While we make every attempt to ensure the accuracy of our members' competitive records, we realize that errors do occur. It is the responsibility of every owner/rider to verify their horses' records. This may be done using the Horse Search on the website at www.useventing.com, under the Competitions section, or through the USEA Online Services Dashboard. Any questions regarding competition records can be directed to results@useventing.com.

NOTE: Please keep the USEA office informed of ANY changes in your horse's registration status - name change/retired/sold/deceased/etc.
